After School

Chapter 1 by Feyre Archeron

After school I had to go strait to the girls locker room and change and get ready for football practice. It took me almost 5 minutes just to get my pants and shoulder pads on. Then it took about 3 minutes just to get my cleats on(those thing are really hard just to get them on the actual foot). When I got out there we started on something different. We started working on the people who wanted to be kicker, and people who wanted to be punter, and people who wanted to receive the kick/punt. I wouldn't consider myself to be really good at kicking but I'm good(so I've been told).

Then after we were done with the whole kicking stations, We did our warm ups. That took about 20 minutes to do. Then we ran some plays, I didn't really get in on some plays but I was in some of them. Then we had to do some extra work because the boys left the locker room a big mess so all of the 8 grade boys and 7 grade boys and 2 7th grade girls all had to do extra work that about killed us all. After that I had to go change out of my shoulder pads and pants and go to the car and eat dinner in the car and go to open house.

Open house went much. We just did a bingo card thing and ate like 5 billion snicker doodles.

We walked around to each class. See more of Story Wars

also got signatures from all the people who were doing the bingo thing. I took a shower and then I brushed my teeth and went to bed.
